

www.edutheque.fr

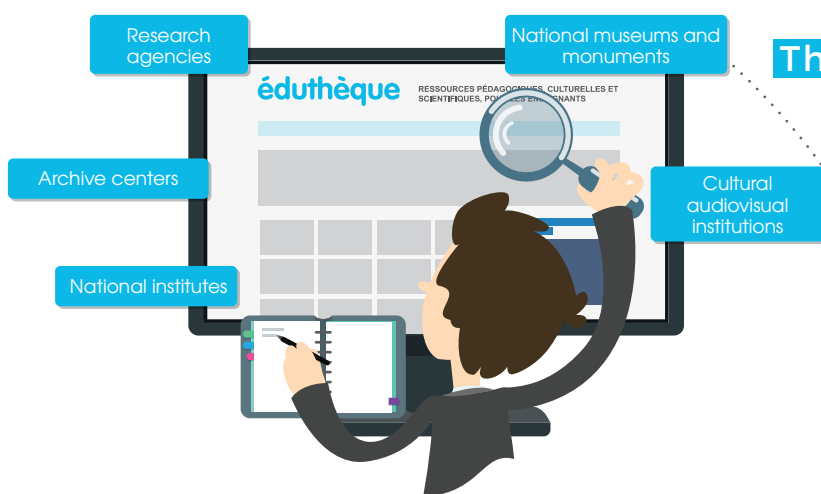

Éduthèque is a portal for primary and secondary school teachers and their students. It gives them access to thousands of educational resources from major scientific and cultural public institutions.

Free and personal access

Teachers can **freely** access resources selected by partners simply by **logging-in** with their professional email address.

Right of (re)use

Teachers can **access** all the resources online, **download** them partly and **use** them in an educational context according to the Standard Terms of Use.

Themed resources

On Éduthèque, teachers access resources classified in 4 categories,

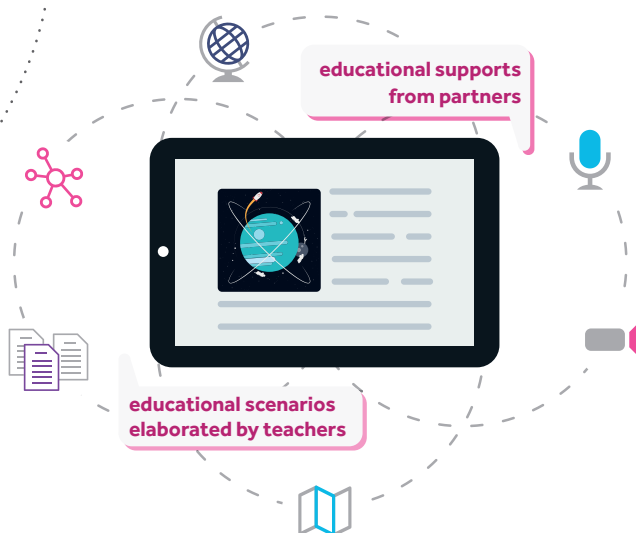

- > Arts & literature
- > Human and social sciences
- > Cultures and languages
- > Sciences and technology

Access is also available on the homepage by clicking a partner's logo.

Educational support

Educational documents prepared for teachers are also made available by partners.

Educational scenarios, products of ÉDU'Bases, present different **examples for how to use** the resources.

Educational scenarios elaborated by teachers

Teachers can create a **class account** and give students the corresponding login details so they can access certain resources during class or at home.

The Éduthèque portal will eventually be accessible through **Digital WorkSpaces (ENT)**.
